

Dedicated to Service

Lindquist Dental Clinic for Children is dedicated to providing the highest quality dental care to the children of our community. Dental service includes: preventive care and education, comprehensive exams, x-rays, cleaning, fillings, sealants, extractions, root canals, space maintainers, permanent crowns, fluoride treatments, and emergency care.

For those patients with dental anxiety, treatment with nitrous oxide is available.

Working together to help the children of our community live healthier lives.

Our Mission:

"Provide accessible, compassionate and effective dental care to South Sound children in need."

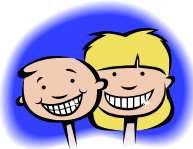

Healthy teeth are happy teeth! Keep your teeth healthy with regular visits to your dentist!

Who Qualifies for Treatment?

Lindquist Dental Clinic for Children (LDCC) provides dental services for children of all ages (0-18), regardless of income! We accept DSHS medical coupons, most insurances - including TriCare (in support of our service persons, there are no out of pocket costs for covered services for families who qualify according to income) and uninsured children are seen on a sliding scale fee basis.

Treatment Isn't Our Only Role!

LDCC also provides family education, preventive care and strongly encourages early intervention for even the youngest members of the family!

Remember: Two is too late! Bring your child in for preventive care before their 2nd birthday!

Where Are We?

Lindquist Dental Clinic for Children currently has two locations to serve the children in the South Sound Area.

The Parkland office is conveniently located on 131st Street South off Pacific Avenue, right behind Walt's Radiator and Muffler. Just 5 minutes off Hwy 512.

Our newest facility is a joint collaboration with the Boys and Girls Clubs of Pierce County and is located in Gig Harbor at the Jim and Carolyn Milgard Family Hope Center at 8502 Skansie Avenue. Less than 2 miles off SR 16.

Easy to follow directions are located on the back of this brochure.

To schedule an appointment, just call (253) 539-7445 for our Tacoma clinic or (253) 853-2002 for our Gig Harbor clinic.

How to Obtain Our Services

A parent or guardian should call the clinic directly to arrange for a dental appointment. Nurses, health clerks or other professionals working with a family may also want to refer the parent or guardian to call the clinic.

Appointments are available Monday through Friday, 8 a.m. to 5 p.m.

All appointments are made with consideration to the type of dental care needed.

Emergent care can be accommodated and walk in appointments are also available.

Our Beautiful Facilities...

We provide our patients with the state-of-the-art equipment for the best treatment and experience possible!

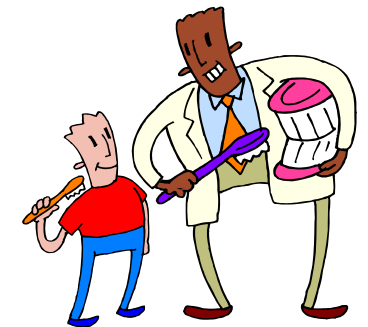

In our Parkland office we have 10 patient chairs and in our Gig Harbor office we have 3 chairs suited to children of all ages and stages. All of our facilities are staffed by professional, licensed dentists as well as certified dental assistants.

For more information about LDCC, or to see our photo gallery, please visit our website at www.lindquistdental.org.

Dental Costs

If uninsured, dental fees are based on your total family's income, on a "sliding scale". If the child has dental coverage, **the parent or guardian must bring to the appointment:** their insurance card; their DSHS medical coupon(s), or proof of income for the previous month (if uninsured). Our friendly staff will be glad to help with any questions you may have.

No child in need of dental care is turned away due to inability to pay!

Brushing two times a day provides your child with healthy teeth that will serve them for years to come.
